September 25, 2025

**THIS ADDENDUM IS ISSUED TO INCORPORATE THE FOLLOWING IN THE REFERENCED REQUEST FOR PROPOSALS**

**ITEM #1 EXTENSION OF PROPOSAL DUE DATE**

The due date to submit proposals has been extended by one day. All proposals must be uploaded to the assigned shared folder no later than **TUESDAY, OCTOBER 14, 2025, AT 2:00 P.M. (CDT).**

**ITEM #2 QUESTIONS SUBMITTED IN WRITING**

**Q1: With respect to the Ownership of Work Product clause included in Attachment H: Required Contract Provisions, is it NORA's intention to own the source code of the grant management software?**

A1: No, NORA does not intend to own the source code for existing software applications. NORA intends to own the data and content our applicants (users) submit and enter into the software. We want full access to all historical data and information submitted to NORA through the software application; we do not intend to own the source code that built or developed the software.

**Q2: Additionally, is it NORA's expectation to negotiate a perpetual license for the software, whereby NORA is able to continue using the software (without further license fees) beyond the conclusion of the contract with the selected vendor?**

A2: At this time, NORA does not anticipate negotiating a perpetual license for the software. However, NORA requires the ability to continue accessing and using the software beyond the contract term to maintain access to historical data and other information.

**NOTE: Revisions in this Addendum shall be considered as included in the original Request for Proposals and shall take precedence over any part of the solicitation in conflict therewith. Proposals are due no later than TUESDAY, OCTOBER 14, 2025 2:00 PM (CDT).**
